

The Gain Smart® Stocker Program provides a 1-2-3 punch to get calves eating and staying healthy. It includes two products to jump start appetite and a line of vitamin and mineral supplements with AO-Biotics® Amaferm® that promotes health and economically produced pounds by maximizing the natural energy and protein available in forage.

FEEDING THE GAIN SMART STOCKER PROGRAM:

- Makes the most of the cheapest fed source available to any stocker operation: forage
- Accelerates gain by stimulating the calf's rumen to function at top efficiency, maximizing both the natural energy and protein available to the animal
- Improves health by reducing stress, the largest sucker of immunity
- Pays a 3-to-1 return through more gain and less medicine

WHAT IS AO-BIOTICS[®] AMAFERM[®]?

Amaferm is a prebiotic research-proven to enhance digestibility.

Find Amaferm throughout the BioZyme® Family of Brands.

WITH AMAFERM YOU WILL SEE:

16% more energy plus **31% more microbial protein** leads to **.25 lbs of ADG** on calves fed high-quality, small grains pasture.

1 STEP ONE: RECEIVE

VitaCharge®

CATTLE DRENCH:

- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- MOS helps normalize gut microflora and support the immune system.
- Enzymes generate a more rapid digestive response.

A drench for cattle designed to support digestive health before, during and after challenges.

2 STEP TWO: START

VitaCharge®

STRESS TUB:

- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- MOS helps normalize gut microflora and support the immune system.
- Contains a probiotic to help restore the gut microbiome.

A tub for cattle designed to support digestive health and intake. Also available with the HEAT technology when temperatures are above 70 degrees.

3 STEP THREE: GROW

GAINSMART®
STOCKER PROGRAM

Gain Smart Mineral:

- Gain Smart is a line of vitamin and mineral supplements for stocker cattle that promotes healthy, economical pounds by maximizing the energy and protein available in the diet.
- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- Includes organic copper, iodine and zinc for maximum bioavailability and hoof health.
- Provides nutritional support for a healthy immune system.

GAIN SMART® STOCKER:

A free-choice vitamin and mineral supplement for stocker cattle designed to maximize efficient gain.

GAIN SMART® STOCKER HEAT:

A free-choice vitamin and mineral supplement for stocker cattle designed to maximize efficient gain when temperatures are above 70 degrees.

GAIN SMART® STOCKER WHEAT:

A free-choice vitamin and mineral supplement for stocker cattle designed to maximize efficient gain on wheat or small grain pasture.

GAIN SMART® BALANCER RU1600:

A vitamin and mineral supplement for stocker cattle with rumensin designed to maximize efficient gain and balance high grain diets when mixing TMR rations.
