Sizes Available

35 lb (6.8 kg) bucket
50 lb (22.7 kg) bag

Product

60735
60741

Key Benefits:

The correct balance of required minerals and vitamins.

Much higher than conventional protein supplements in vitamins and minerals including organic Cu, Zn, Mn, niacin and B-12 for better nutrient absorption and immune response.

The Amaferm® advantage

Significantly increases the digestibility of fiber, releasing greater amounts of energy and microbial protein to drive animal growth and health.

What value does it have in the animal?

- Strong steady appetite – calves off feed and finicky eaters are rare with Sure Champ.
- Excellent growth rate – helps promote muscle and skeletal development.
- Reduced bloating and other digestive upsets.
- Improved eye appeal – thick shiny hair; bloomy and bright eyed.
- Better overall health – able to combat the stresses of hauling and weather/environmental changes.
- Enhanced breeding performance of show-conditioned females and enhanced scrotal development and semen quality in bulls.

Caution: Due to copper level, do not feed to sheep.
