Key Benefits:

The correct balance of required minerals and vitamins.

Provides 4 ounces of sodium bicarbonate. Contains Zinpro™ Availa® 4 to promote hoof health, breeding and lower somatic cell count.

The Amaferm® advantage

University research has shown Amaferm increases feed intake, digestion and milk production, especially in early lactation cows.

What value does it have in the animal?

The proper mineral and vitamin balance to maintain cow health, optimize breeding, lower somatic cell count and promote sound feet and legs.

Caution: Due to copper level, do not feed to sheep.
