## Key Benefits:

### The correct balance of required minerals and vitamins.

Balanced levels of required trace minerals and vitamins that meet or exceed National Research Council Requirements for Goats.

### The Amaferm® advantage

Amaferm helps breakdown high fiber forages to improve feed intake and digestion leading to better goat performance.

### What value does it have in the animal?

Provides all nutrients required for growth, breeding and kidding. Stimulates the immune system for maintaining herd health.

Caution: Due to copper level, do not feed to sheep.
