

"Our horses have beautiful coats, great appetites and most importantly, no signs of gastric issues. When new horses enter our stable who are underweight, we immediately add **Vitalize® Alimend®** to their diets. Within a month we are amazed at the changes we see in their appearance and work ethic."

— LAURA KRAUT, Olympic Gold Medalist

"I absolutely love **Vitalize® Alimend®**! It's easy to use, the horses love it, and results are outstanding. Giving my horses a consistent daily dose helps achieve optimal gastric health. Life on the road increases the risk of gut inflammation, therefore I'm thankful my horses are always well prepared and protected with Alimend."
